

# connected thermostat business rebate

Get a \$200 rebate on each qualified Connected Thermostat, up to 70% of the cost.

## FOLLOW THESE STEPS TO GET YOUR REBATE:

1. Confirm your installation qualifies for rebate by reading the Terms and Conditions below.
2. Complete your project with a qualified installer.
3. This rebate is to be awarded directly to the Seattle City Light customer. Customers may arrange to assign the rebate check to the installer by completing the "assignment of rebate payment to contractor" section of this form.
4. Complete and email or mail this form within 90 days of purchase and include the following:
  - Purchase Receipt/Invoice

**Customer and installer must sign and date the rebate form and send all attachments to:**

## TERMS AND CONDITIONS

### Please refer to the following terms and conditions prior to signing acceptance:

- You must be a commercial, industrial, or agricultural customer of Seattle City Light and the installation address must be in the Seattle City Light service area. **Hotel rooms and multifamily units are not eligible for this incentive.** Heating type may be gas or electric.
- Customers are required to provide their Seattle City Light account number for the address where the thermostat(s) is being installed.
- Thermostats must be on the BPA Qualified Products List. To request a product be added, visit <https://www.tradeallynetworknw.com/>
- Thermostat programming must include:
  - Limited duration occupied-period override (<3 hours);
  - Multiple set-back schedules with energy-saving temperature set-points during unoccupied periods, including evenings, holidays, and breaks;
  - Capable of scheduling supply fan to operate continuously during occupied periods, and to operate in auto-mode during unoccupied periods;
  - Remote, web-based monitoring and programming; and
  - Settings are retained during power and/or internet losses.
- All information must be complete below and a copy of receipt or invoice, must be enclosed to be considered for payment.
- One rebate per existing supply fan.
- Prior to submitting this rebate, products must be installed and functional.
- This rebate application must be sent within 90 days of the invoice date.
- Rebate applications submitted by contractors may be submitted with digital signatures. Contractor must submit a digital signature audit trail along with completed application.
- It is City Light's intent to mail the appropriate rebate check within 60 days of City Light's receipt of a completed application. Lack of documentation or information from the Program Participant to City Light will delay rebate processing.
- This rebate form and program documentation is subject to Washington's Public Records Act, RCW Chapter 42.56.

By submitting this rebate form Program Participants recognize that prior to payment Seattle City Light may contact the applicant, related vendor or installer to evaluate installation information, inspect the installed product listed on this form, and request the Program Participant to submit supporting documentation. City Light will review the project to determine eligibility and qualification for a rebate in accordance with these terms and conditions. This program is completely voluntary, and Program Participant assumes any risks of injury, property damage, and expenses that may arise during the implementation of these energy conservation measures.

City Light does not make any representations, promises, or warranties for any efficiencies or potential energy savings, installed products, materials, equipment fitness, labor required, or merchantability for any purpose. Program Participant represents and warrants that all installations are in compliance with all applicable federal, state and local laws, codes, ordinances, including all building energy and accessibility codes and in compliance with these terms and conditions. Any action at law or in equity to enforce the terms and conditions of this Rebate shall be brought solely in a court in King County Superior Court.

OUR MISSION

Seattle City Light is dedicated to delivering customers affordable, reliable and environmentally responsible electricity services.

**THIS PAGE TO BE COMPLETED BY THE CUSTOMER.**

**OPTIONAL ASSIGNMENT OF REBATE PAYMENT TO CONTRACTOR**

As the Seattle City Light customer and Program Participant you have the option to direct Seattle City Light to issue the rebate check directly to the contractor who performed the work for this installation. By filling out this portion of this energy rebate form you understand **you will not receive a rebate check for this rebate**, and instead, you are requesting and directing any check for this rebate to be directly issued to the Assignee listed below, on your behalf. You must provide a copy of the contractor's W9 with Federal Tax ID if you would like to assign funding.

Seattle City Light allows customers to assign the rebate payment as a courtesy to customers. The City of Seattle shall not be responsible for any issues, disputes or claims, between the Program Participant and Payee related to the assignment authorized under this Form nor for any claims or disputes related to the installation of conservation measures for the project. By issuing a rebate at the customer's direction, neither Seattle City Light nor the City of Seattle is entering a contract or any other form of agreement with the Payee. Once payment is issued to the Payee, Seattle City Light will be unable to re-direct that payment to anyone else, including to the customer.
