

heat pump water heater rebate

Seattle City Light

Get a \$500 rebate on qualified models.

TO APPLY, FOLLOW THESE STEPS:

1. Read the Terms and Conditions on the back of this form to ensure you qualify for this rebate.
2. Check that your new appliance is qualified. A list of qualified models may be found at seattle.gov/appliances.
3. Purchase your new heat pump water heater and replace an existing electric storage water heater by April 30, 2020.
4. Homeowner and installer (if different) must sign and complete this form and attach a copy of your itemized receipt.
5. Email or mail in your rebate form and itemized receipt(s) within 90 days of purchase to:

CUSTOMER ACCEPTANCE OF TERMS AND CONDITIONS			
I certify or declare, under the laws of the State of Washington that I am the Seattle City Light (SCL) customer and as the Program Participant I have authority to execute and agree to the terms and conditions for this SCL Conservation Rebate Program. By signing below, I acknowledge that I have fully read, understand, and agree to be bound by the Terms and Conditions listed on this 2-page rebate form. I certify that all information provided herein is true and correct and I acknowledge that the Rebate Program is a limited offer and subject to the availability of funds, and that rebate amounts may be subject to change.			
Customer Signature _____			Date _____

TERMS AND CONDITIONS

Please refer to the following terms and conditions prior to signing acceptance:

- You must be a customer of Seattle City Light (SCL). The installation address must be within the SCL service area. New construction and existing single-family residences (1-4 units) qualify. Only common areas in multifamily buildings qualify.
- Customers are required to provide the SCL account number for the address where the appliance is being installed. Landlords are not required to provide an account number. Applications without an account number may be denied if SCL cannot verify applicant as a customer or property owner.
- One rebate per household. Purchases that have already been discounted by a utility are not eligible for this rebate.
- This rebate application must be postmarked within 90 days of the purchase date.
- The new water heater must be purchased by April 30, 2020 and replace an existing electric storage water heater.
- The new water heater must be ENERGY STAR® rated and on the list of qualified models available at seattle.gov/light/waterheater.
- Prior to submission of this rebate form products must be installed and functional.
- Water heater must be installed in accordance with manufacturer's specifications by a contractor or homeowner who has reviewed the manufacturer's training materials. A list of trained installers may be found at hotwatersolutionsnw.org. Installation training materials can be found in the manufacturer's manual or on their website. A general do-it-yourself installer guide and checklist can be found at hotwatersolutionsnw.org/installation/do-it-yourself.
- All information must be complete, and a copy of an itemized receipt(s) included to be considered for payment. Receipt(s) must include vendor name, phone number, purchase date and price, and product make and model.
- It is SCL's intent to mail the appropriate rebate check within sixty days or SCL's receipt of a completed application. Lack of documentation or information from the Program Participant to SCL will delay rebate processing.
- This rebate form and program documentation is subject to Washington's Public Records Act, RCW Chapter 42.56.

By submitting this rebate form Program Participants recognize that prior to payment SCL may contact the applicant, related vendor or installer to evaluate installation information, inspect the installed product listed on this form, and request the Program Participant to submit supporting documentation. SCL will review the project to determine eligibility and qualification for a rebate in accordance with these terms and conditions. This program is completely voluntary, and Program Participant assumes any risks of injury, property damage, and expenses that may arise during the implementation of these energy conservation measures.

SCL does not make any representations, promises, or warranties for any efficiencies of potential energy savings, installed products, materials, equipment fitness, labor required, or merchantability for any purpose. Program Participant represents and warrants that all installed requirements are in compliance with all applicable federal, state and local laws, codes, ordinances, including all building energy and accessibility codes and in compliance with these terms and conditions.

OPTIONAL — ASSIGNMENT OF REBATE PAYMENT TO CONTRACTOR

As the Seattle City Light (SCL) customer and Program Participant you have the option to direct SCL to issue the rebate check directly to the contractor who performed the work for this installation. By filling out this portion of this energy rebate form you understand you will not receive an incentive check for this rebate, and instead, you are requesting and directing any incentive check for this rebate to be directly issued to the Payee listed below, on your behalf. You must provide a copy of the contractor's W9 with Federal Tax ID if you would like to assign funding.

Seattle City Light allows customers to assign payment as a courtesy to customers. The City of Seattle shall not be responsible for any issues, disputes or claims, between the Program Participant and Payee related to the assignment authorized under this form nor for any claims or disputes related to the installation of conservation measures for the project. By issuing a rebate at the customer's direction, neither SCL nor the City of Seattle is entering a contract or any other form of agreement with the Payee. Once payment is issued to the Payee, SCL will be unable to re-direct that payment to anyone else, including to the customer.
