TERMS AND CONDITIONS

Please refer to the following terms and conditions prior to signing acceptance:

- You must be a customer of Seattle City Light (City Light) and the installation address is in the City Light service area. Existing single-family residences (1-4 units) qualify. Primary space heating must be electric.
- This application must be postmarked within 90 days of purchase. Work must be paid for and installed by April 30, 2020.
- It is City Light's intent to mail the appropriate rebate check within sixty days of receipt of a completed application. Lack of documentation or information from the Program Participant to City Light will delay rebate processing.
- This rebate form and program documentation is subject to Washington's Public Records Act, RCW Chapter 42.56.

Specific terms and conditions for insulation projects:

- A rebate of 50% of cost (including materials, labor and tax) is available for insulation projects. Rebates are capped per residence at \$500 for attic work, \$500 for wall work and \$200 for floor work.
- Work must be installed in accordance with manufacturer's specifications by a licensed contractor.
- Contractor must certify existing and new levels of insulation and invoice must be itemized with the following: sq. ft., R-Value, and cost. A copy of the insulation certificate must be submitted with this application.
- Pre-existing and new insulation levels must be within the existing R-Values and Post R-Values listed on page two.

Specific terms and conditions for window/patio door projects:

- A \$50 per window/patio door rebate is available for the replacement of existing single pane with any frame type or double pane with metal frames, to windows with a U-Factor rating of 0.30 or lower and patio doors with a U-Factor of 0.30 or lower. Windows and patio doors are defined by windows and frame, not just glass replacement.
- Replacement of existing double pane windows with vinyl frames do not qualify.
- Windows/patio doors must be installed in a conditioned space. Conditioned space is defined as space that is heated.
- Windows must be contractor installed. A window specification sheet must document U-Factor and sq.ft. of each window and/or patio door and be submitted with this application.

By submitting this rebate form, Program Participants recognize that prior to payment City Light may contact the applicant, related vendor or installer to evaluate installation information, inspect the installed product listed on this form, and request the Program Participant to submit supporting documentation. City Light will review the project to determine eligibility and qualification for a rebate in accordance with these terms and conditions. This program is completely voluntary, and Program Participant assumes any risks of injury, property damage, and expenses that may arise during the implementation of these energy conservation measures.

City Light does not make any representations, promises, or warranties for any efficiencies of potential energy savings, installed products, materials, equipment fitness, labor required, or merchantability for any purpose. Program Participant represents and warrants that all installed requirements are in compliance with all applicable federal, state and local laws, codes, ordinances, including all building energy and accessibility codes and in compliance with these terms and conditions.

All information below is REQUIRED for processing. Please print in block letters.

CONTRACTOR SIGNATURE			
By signing below, installer certifies that this form and any accompanying documentation are complete and accurate; that all measures associated with this project were completed as of the signature below; that all products were installed according to the manufacturer's specifications required by Seattle City Light; and that the products are functional prior to submission of this rebate form.			
Contractor Signature _____		Date _____	
CUSTOMER ACCEPTANCE OF TERMS AND CONDITIONS			
I certify or declare, under the laws of the State of Washington that I am the Seattle City Light (City Light) customer and as the Program Participant I have authority to execute and agree to the terms and conditions for this City Light Conservation Rebate Program. By signing below, I acknowledge that I have fully read, understand, and agree to be bound by the Terms and Conditions listed on this 2-page rebate form. I certify that all information provided herein is true and correct and I acknowledge that the Rebate Program is a limited offer and subject to the availability of funds, and that rebate amounts may be subject to change.			
Customer Signature _____		Date _____	
OPTIONAL — ASSIGNMENT OF REBATE PAYMENT TO CONTRACTOR			
As the Seattle City Light (City Light) customer and Program Participant you have the option to direct City Light to issue the rebate check directly to the contractor who performed the work for this installation. By filling out this portion of this energy rebate form you understand you will not receive an incentive check for this rebate, and instead, you are requesting and directing any incentive check for this rebate to be directly issued to the Payee listed below, on your behalf. You must provide a copy of the contractor's W9 with Federal Tax ID if you would like to assign funding.			
City Light allows customers to assign payment as a courtesy to customers. The City of Seattle shall not be responsible for any issues, disputes or claims, between the Program Participant and Payee related to the assignment authorized under this form nor for any claims or disputes related to the installation of conservation measures for the project. By issuing a rebate at the customer's direction, neither City Light nor the City of Seattle is entering a contract or any other form of agreement with the Payee. Once payment is issued to the Payee, City Light will be unable to re-direct that payment to anyone else, including to the customer.
